

Gods Heavenly Angels

*Angels are so celestial
Angels are so beautiful
Angels are not always in Heaven,
But they're always all around.
Angels are always so busy
Going from town to town.
Angels are always there to lift
Us up when we're feeling down.
Angels are always there
When fear is all around
Angels never give up they'll
Fight for your soul, so
You won't be hell bound.
So always remember they're always
All around, they're not just in heaven,
But in people too.
You never know when you
Might be entertaining an
Angel right next to you!*
