

Spirit of a Dove

*Born upon this mighty Rock
A planet we all call earth.
We search and search all through life
To find out what we are worth.*

*To know that God created us
Just doesn't seem enough
Were always out to prove ourselves
To show that we are tough.*

*But then one day the world caves in
And we think that we are through
Then God sticks out His mighty hand
To grab a hold of us.*

*He will always be our loving friend
When we need him the most
As long as we accept His love
And never boast*

*Don't be afraid of what you've done
He's seen it all before.
Try to always remember
That our Jesus is the door.*

*The Way, the truth,
the shining light
He will guide you in,
He's forgiven every sin.*

*So bow down before him.
And let's thank him for His love
A gift he will bestow on you
The Spirit of a Dove*
