

Truly Blessed

You are truly blessed
No matter what anyone may say;
There's someone who loves you,
And watches over you every day.

You are truly blessed
If you're holding this poem, in your hand;
Who woke you up this morning?
A God who forgives and understands

You are truly blessed
Regardless of what you're going through'
If you continue to trust in God
He'll make a way for you.

Your are truly blessed
And you don't have to pretend.
You have so much to be thankful for,
Even when others may not comprehend.

Most Importantly

The choices you make in life
One day, you will have to confess;
It's up to you and the things you do,
If you want to be truly blessed.

Jesus Can Fix it

Jesus can fix it
This I know is true,
If you don't believe me
Just look around you.

Jesus can fix it
If you would only trust in Him;
His love it's like your favorite drink
So fill your cup up to the rim.

Jesus can fix it
I know He will;
I'm alive this very day
For my sins He picked up the bill.

Jesus can fix it,
But you must have faith;
You'll receive your blessings,
If you have patience and wait.

He'll love you forever and always,
Even if your love for Him isn't legit,
No matter how hard things appear,
Jesus can fix it.

Jesus Is His Name

There's this person I know
And death He once overcame;
I must tell you right now,
Jesus is His name.

If you need true love
Something that's real and not a game,
I know someone who'll love you for you,
And Jesus is His name.

Be thankful for what you have
What you've got is better than fame
I know someone who's a joyful giver
And Jesus is His name.

He died for me and you,
The old, the young, the healthy and lame,
He's the reason we're still living,
And Jesus is His name.

Most Importantly II

No matter what you may go through
There's no reason you should feel ashamed
There's only one reason you're alive today
And Jesus is His name

My Lord

Lord, I know who you are
Even though we have never met
But I've heard so much about you,
Stories I promise never to forget.

Lord I know what you did
And I want to thank you;
What you did for my family, friends and me,
It's something no other will ever do.

Lord I believe in you.
Although I've never seen your face,
But one day, you and I will meet,
And my sins I pray you will erase.

Lord what you did was awesome
And everything about you I have read;
Especially how you died on the cross,
And three days latter rose from the dead.

Most Importantly III

You created everything in this world
Everything that we see, smell and touch;
It's a blessing to be alive this day,
Lord Jesus, we love you so much
I Can Call On Jesus

I can call on Jesus,
Morning, noon or night'
He's never too busy for me
Our relationship is airtight

I can call on Jesus
No matter where I may be;
His presence is always felt
Even though His face I have yet to see.

I can call on Jesus
Whenever I do something wrong;
Because only Jesus well forgive me,
And place me where I belong.

I can call on Jesus,
And feel no kind of shame;
Because here in my heart I know,
There's no other name.....
Because after all he has done for me,
And I can speak for all of us,
No matter what you're going through,
You can always call our Jesus.
